

EMAIL IMAGES

Instructions for taking pictures of our props and emailing the images to us with availability questions and/or for inclusion on an order.

If you are taking pictures of our props and plan to email the images to us, please adhere to the following guidelines. (Do not send us links to a website as we cannot retrieve those images because of issues with our firewall.)

- If possible, mark the images with a stock number. Again this will aid us in locating the items you require.
- Include all of your contact information in your email. We ask for your name, telephone number, address, and the company you are working for. If you want us to start an order, let us know the date the order is scheduled to ship so that we can make certain the items you want are available.

Please email all of the above information to info@prophavengh.com

Thanks so much! We receive numerous emails each day and the above procedure will help us to efficiently process your request.
